2.11.2025

and I am a hostage. They know here. Only corruption explains everything from A-Z. All the direct evidence supports everything I've been saying, without exception. They know. Maybe they didn't at first, but they for sure know now. Even after all I've been through, I have no hate in my heart for Russia. This ordeal started w/ 3 bad cops and a scared ex-girlfriend. The system here isn't equipped to deal with this kind of fraud. I forgive them. Yet I still deserve justice, and the freedom they stole from me. Nothing and no one can make me whole again. That's out of reach. Forever. Only my shadow remains.

2.12.2025 - Marc Fogel was freed. ^{hand, clearly} Good. Another admitted guilty person goes home before us... they left the two innocent people here... again... And now we know that our people knew it was coming, this is why the scheduled interview... I'm glad he got to go home... maybe I'm next? Gonna go cry now... This is why I said we need to make sure Trump knows about my situation... so they don't LEAVE ME HERE AGAIN... At least this tells us Trump can achieve what Biden could not... only took 3 weeks... 8/15/21 → 2/12/25 ^{Marc Fogel} His family flew to Moscow on a Gulfstream to meet him. So you'll know before me. Make sure your passport is good. Guess Marc Fogel and I aren't in the same boat. Or plane. Or country. Or hell... MOM, If the hostage situation follows the same logic as the Israel-Hamas one, the release of hostages will come in phases. We can't call it a trade... Russia got back no one, just released him. More proof he was a pawn, in the end, just like the rest of us. That's at least hopeful. He had been here longer. I wasn't guilty though, I should have been first. But, glad for him. Jeez. He was in custody 1277 days. Good luck on the interviews I know J.F. will arrange in the wake of this diplomatic victory, I'm coming home, one day. The media here are showing videos of drugs being pulled from Fogel's shoes at the airport, what will they one day show their people about me? Me being tortured in my apartment, bleeding on the floor handcuffed? What a joke. *X* Now they're reporting that it was a prisoner trade. Good. Even better. 2/12 - I just got your letter. I'm in tears. Hope I see you soon. Please God let this be over. Guess I'm designated now... Love.. Got your 2/11 letter at 2:30pm on 2/12. Time to leave this 61292181 ON ^{He'll... please...} BTW - Fogel WAS A TRUMP Guy - Just like me...
